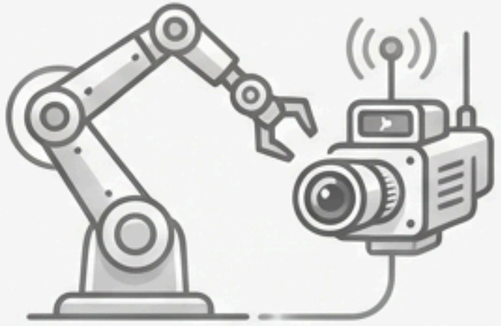
Digital Learning for Smart Manufacturing

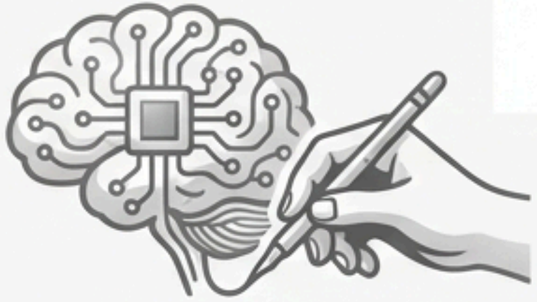
The Future of Factory Training

Equipping expert,not just managing workers



Automation handles the repetition.

Groom LMS



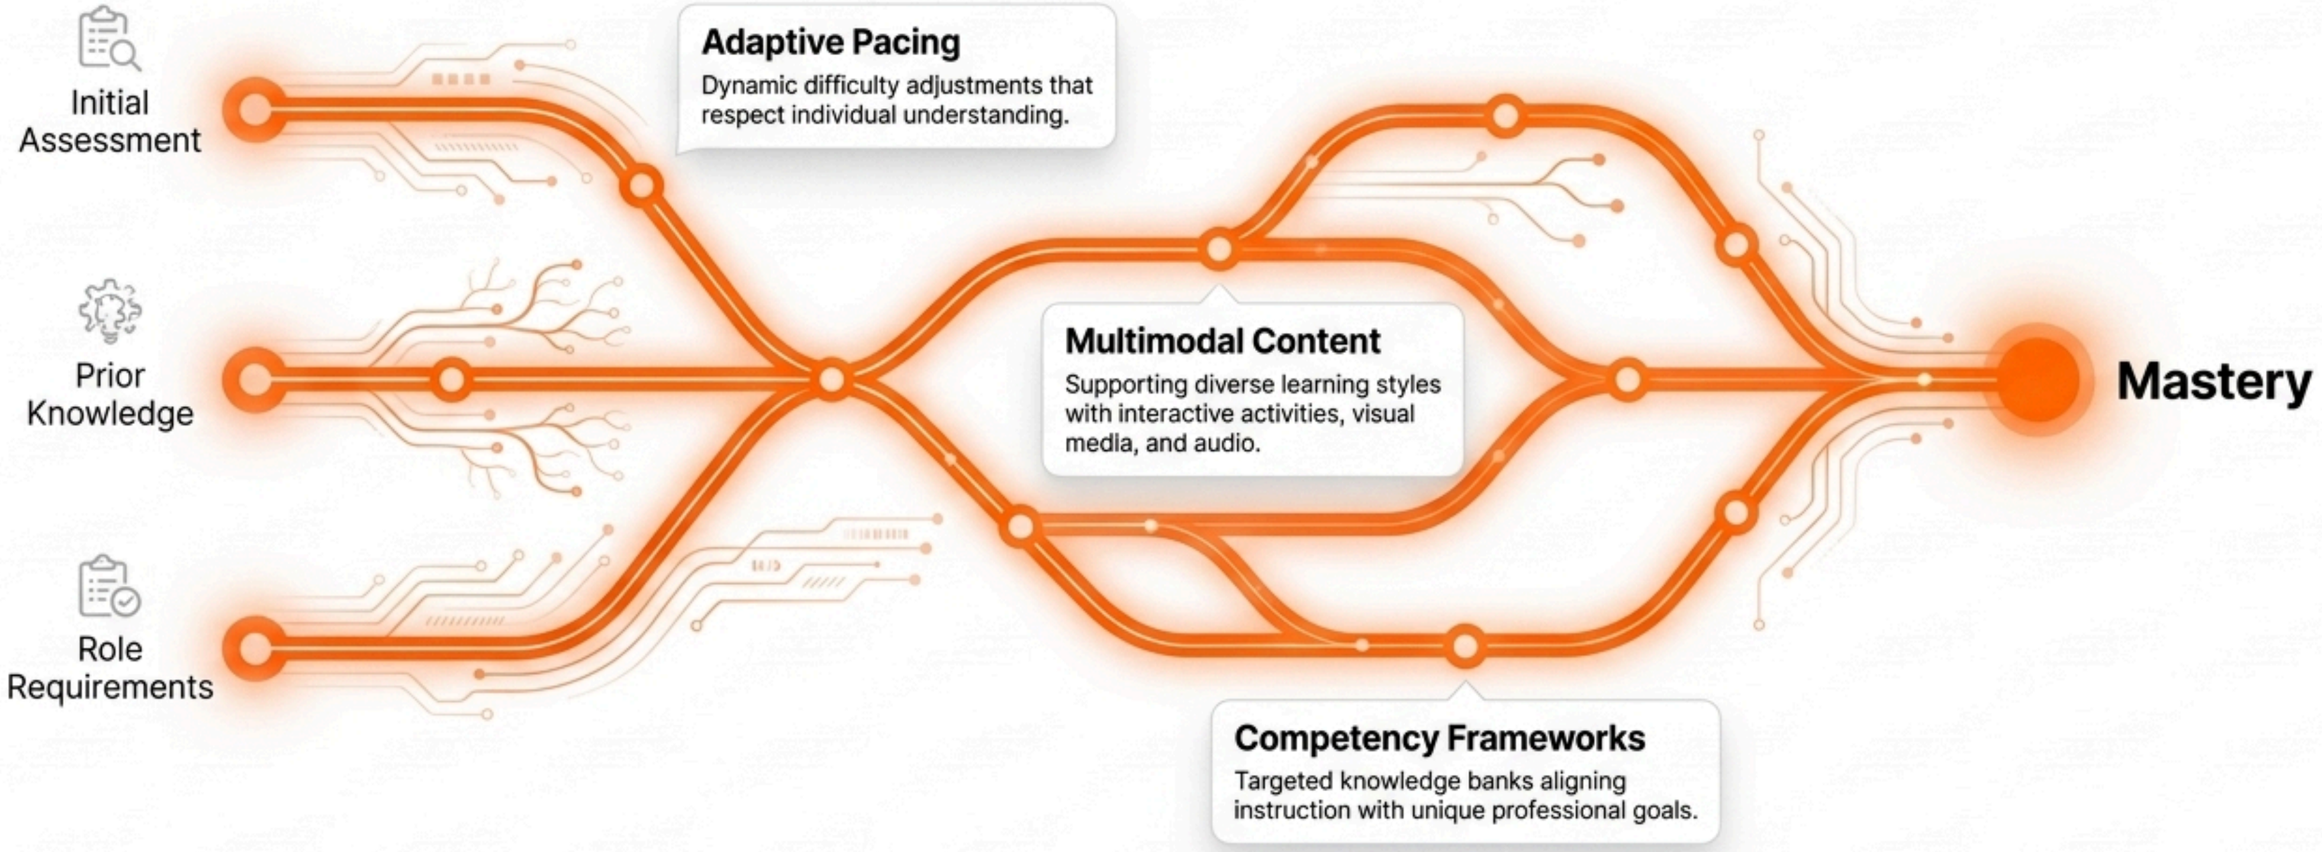
Human expertise handles the nuance.

True factory precision comes from well-equipped minds, not just **well-calibrated machines.** Groom LMS sharpens **human intuition** to match machine precision.

The Paradigm Shift

	Legacy Training	Smart Learning (Groom LMS)
Approach	Desk-bound and disconnected.	**Mobile-first and floor-integrated.**
Methodology	One-size-fits-all monolith.	**Individualised competency frameworks.**
Safety Outcome	Reactive administrative compliance.	**Proactive, ingrained safety culture.**
System Deployment	Complex, manual setups.	**Seamless, single-touch cloud deployment.**

Personalised Learning Paths



Initial Assessment
Prior Knowledge
Role Requirements
Adaptive Pacing
Dynamic difficulty adjustments that respect individual understanding.
Multimodal Content
Supporting diverse learning styles with interactive activities, visual media, and audio.
Competency Frameworks
Targeted knowledge banks aligning instruction with unique professional goals.
Mastery

Adaptive learning that responds to individual capabilities, ensuring every operator receives the exact knowledge they need to thrive.

Training on the Factory Floor

GROOM LMS

Just-in-Time Knowledge

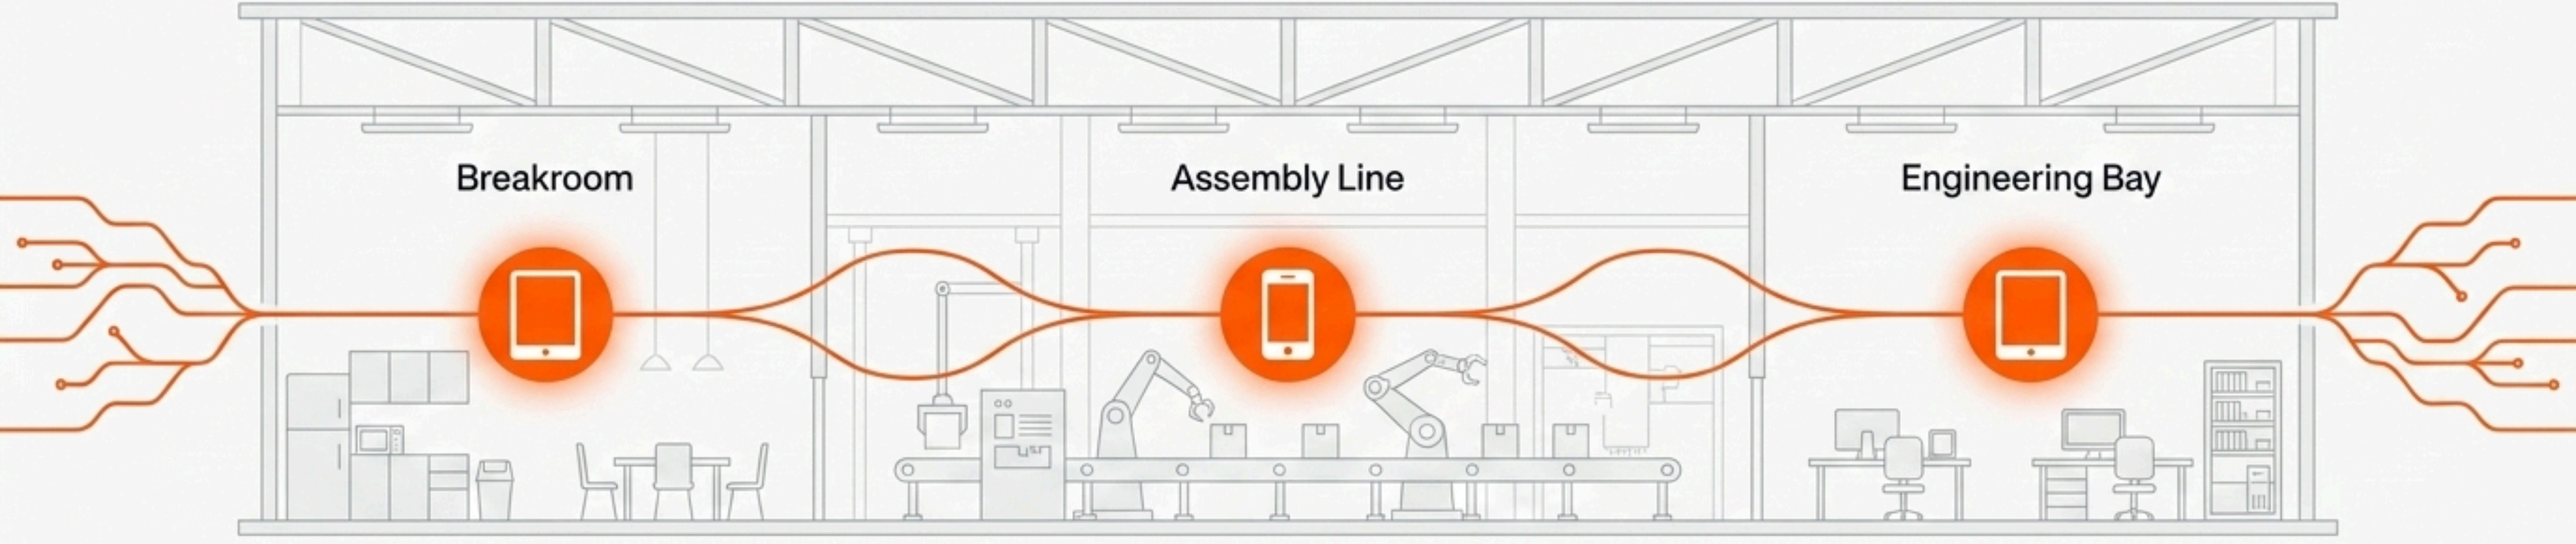
Deliver critical operational support precisely when and where the worker needs it.

Anywhere Access

Responsive design ensuring seamless connectivity across any device.

Uninterrupted Production

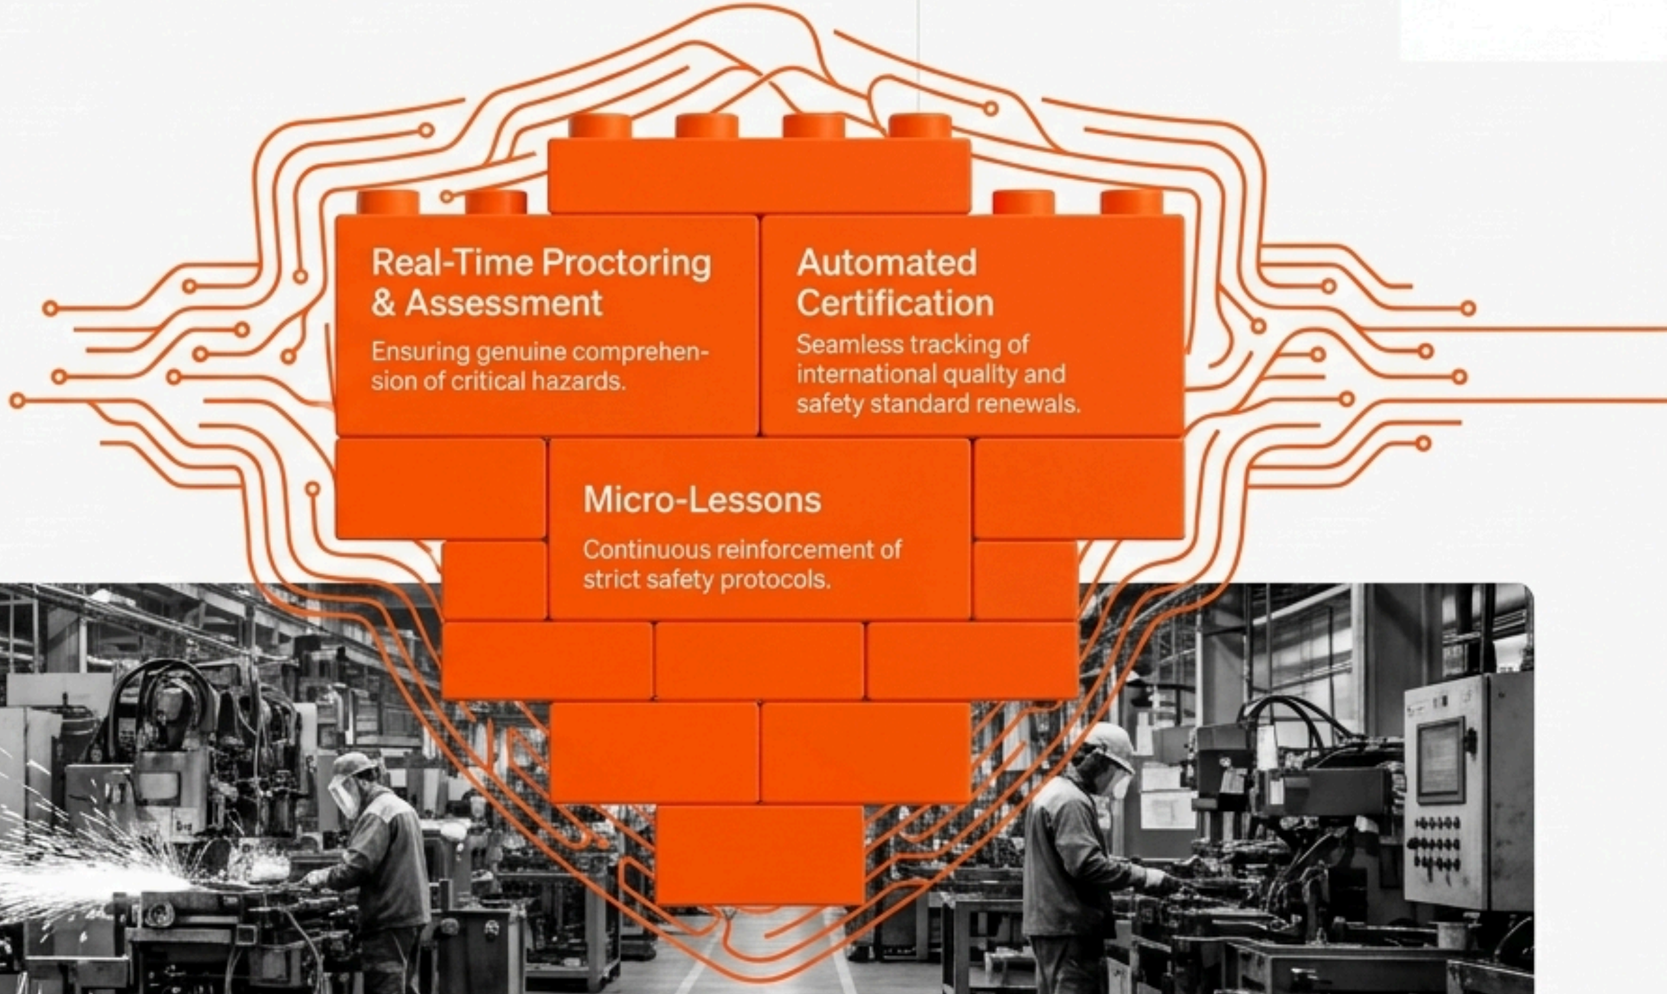
Integrate rapid learning into day-to-day operations to heavily reduce downtime.



Eradicating the classroom barrier. Transforming idle moments into opportunities for upskilling.

Cultivating a Culture of Safety

Moving beyond basic regulatory compliance. Empowering staff with the intuitive knowledge to mitigate risks proactively, ensuring everyone returns home safely.



Real-Time Proctoring & Assessment
Ensuring genuine comprehen-sion of critical hazards.
Automated Certification
Seamless tracking of international quality and safety standard renewals.
Micro-Lessons
Continuous reinforcement of strict safety protocols.

GROOM LMS

Global Inclusivity

Eradicating Language Barriers

Standardised excellence delivered effortlessly in native vernaculars.

Enterprise Scalability

A cloud-hosted architecture that grows harmoniously with your workforce.

Uncompromising Security

Multi-factor authentication and rigorous privacy protocols protecting your global network.

Uniting a diverse, distributed workforce under a single standard of operational excellence. Ensuring every team member feels valued and understood.

The Smart Learning Ecosystem

The Connected Human Thread

Apply on Floor
(Mobile Access & Continuous Upskilling)

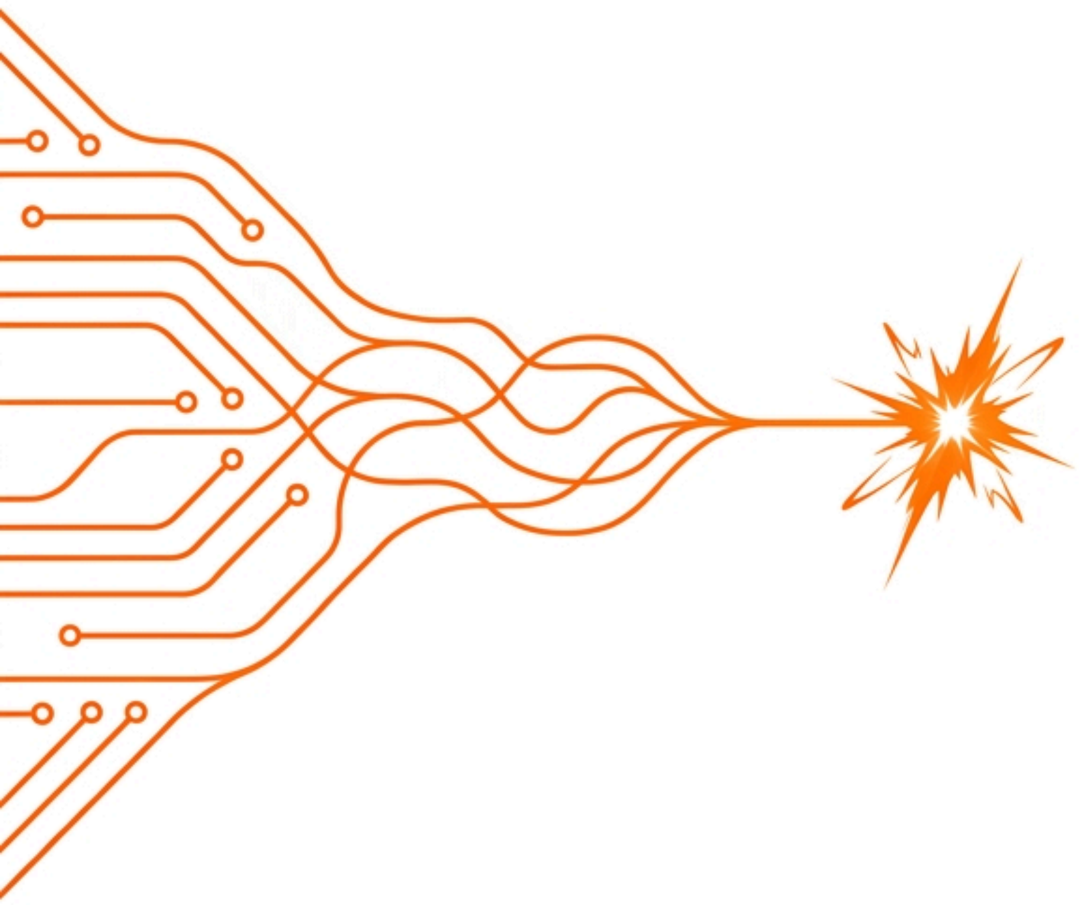
Acquire Knowledge
(Knowledge Banks & Multimodal Content)

Advance Career
(Advanced Analytics & Talent Management)

Earn Recognition
(Gamified Badges & Automated Certificates)

Training is not an isolated compliance event; it is a continuous, gamified, and highly rewarding lifestyle deeply integrated into your organisational culture.

GROOM LMS



Transform the way your manufacturing world learns.

Choose human empowerment. Choose limitless growth. Choose Groom LMS.
